Subject: WOW!!! I bow down to your amazing talent!

This new program is beyond belief!!!
THANK YOU a zillion times for your hard work and commitment to putting out a progressive new system.
It was so slick to just push our data up, proof and print.

I'm going to print hardcopies and include a note that this is the last year for mailing, I'll email from now on or they will be able to download their own.

Will the other levy authorities be given information regarding the use of this new site along with their budget instructions?
Just wondering if I need to notify them or if you guys already have.

Happy Holidays!

Kris Glienke
Deputy Auditor
Cherokee County
